Oil Sands Nuclear Blast is Proposed

Senior Nurse Reports On Request For Municipal Nurse At Rich Lake

RICH LAKE—The following is a report of the Athabasca Health Unit regarding a full-time municipal nursing service to serve the communities of Helina, Fork Lake, Briereville, Grandin, Normandeau, Rich Lake, Goose Lake and Irene school.

Mrs. R. C. Kumpula states "a nurse located at Rich Lake would relieve the Athabasca Health Nurse of a great deal of work. It would also mean the district would have her services anytime instead of once a month.

"The unit asks that the report be carefully read and hopes that it will help each one decide to give us your support."

The report was made by Miss B. M. Cogland, RN, B.Sc., senior nurse to Mrs. D. McPhail, director of public health nursing for the Alberta Department of Public Health:

"The following are our reasons for recommending that consideration be given to start a municipal nursing service in the area mentioned:

1. The General inaccessibility of

(Cont. on Page Eight)

FIRE DESTROYS HEBERT HOME

BREYNAT — The home of Mr. and Mrs. Marcel Hebert and family was destroyed by fire of unknown origin during the family's absence the evening of Oct. 4. Only the clothing worn by the family was saved.

Students' Union Elects Officers

HYLO — Election of officers for the Hylo Jr. High Students Union was held with the following results: president, Irene Sachko; vice-president, Joanne Rosychuk; secretary, Zorina Zalewsky; treasurer, Bobby Grandish.

At their meeting they decided to donate $20 to the Hylo HSA to help with the skating rink project.

New Channel Aid To Navigation

LAC LA BICHE — According to an item appearing in "Within Our Borders" members of the Fish and Game Branch of the Department of Lands and Forests, recently successfully blasted a channel through a causeway projecting from Big Island in Lac la Biche. The new navigation route saves an eight mile excursion around the end of the island for boatmen and also permits all-weather navigation for small boats. The blasting left a channel approximately 15 ft. wide at water level, some 18 ft. deep and 50 ft. long. Depth of the water in the channel this year averaged 5 ft.

Hylo

Misses Marlene and Annette Mahamich are home after spending a few days in Lac la Biche Hospital undergoing minor surgery.

At a turkey shoot held recently to help raise funds for building the skating rink Bill Lozenski won the first shoot. In the ladies' shoot Miss Olga Meardi came first.

Premier Says Research Permitted, But No Request Made For Explosion

LAC LA BICHE — Alberta may or may not be the site of the first atomic explosion in Canada, depending on the result of research being undertaken by Richfield Oil Corporation.

The question of using an atomic blast to separate oil from sand in the Athabasca tar sands was discussed with the provincial department of mines and minerals early this summer.

Richfield, which holds about 2,000,000 acres under lease in the area, suggested a nuclear blast as one possibility and pointed to the results obtained in an underground atomic explosion set off by the University of California during "Operation Plumbob."

Premier E. C. Manning said last week that the province had agreed to permit research along these lines to go ahead, but no formal request for permission to touch off a nuclear blast has been received.

The federal mines department is reported "interested."

Deputy mines minister H. H. Somerville said some weeks ago that before any such scheme could go through it first must have clearance from the Atomic Energy Control Board in Ottawa and from the Atomic Energy Commission in the United States. There would have to be approval for bringing the materials for an atomic blast across the border.

Unofficial sources in Calgary said further discussions on the matter will be held in about a month but no action is likely on the actual blast for at least a year.

Richfield spokesman, when contacted some time ago, said while this method was discussed with the province it was possible some other method of extraction entirely might be decided upon. The matter is still under study.

A number of complications arising from an atomic blast have to be considered, such as whether there would be contamination of the air and whether damage might be done to areas not under permit to Richfield.

Firms Bid High For Timber In Whitecourt, Lac la Biche Areas

The provincial government has sold rights to more than 100,000,000 board feet of timber on five berths in northwestern Alberta.

The Norton Brothers Lumber Ltd. of Grande Prairie bid $4.15 per thousand board feet above the upset price for a berth in the Grande Prairie district containing 17,354,000 board feet of pine, 10,695,000 feet of spruce, 1,083,000 feet of balsam fir and 15,007,000 feet of poplar.

M. Mulyk, Edmonton, bid $3.75 over the upset price for a Whitecourt district timber berth containing an estimated 4,295,000 board feet of spruce, 1,964,000 feet of pine and 251,000 feet of balsam fir.

Atlas Lumber Co. is appealing Mr. Mulyk's bid for timber in the Whitecourt region.

Imperial Lumber Co. Ltd., Edmonton, bid the upset price for a berth in the Lac la Biche division containing an estimated 18,567,000 board feet of spruce, and 4,242,000 feet of balsam fir.

Boy Wounded In Shooting Accident

LAC LA BICHE — Dennis Zevola, seven-year-old son of Mr. and Mrs. Vincent Zevola of Venice, received two shots through the abdomen, Sunday, Oct. 5th, when an automatic rifle lying on a hayrack, accidentally discharged as the lad attempted to climb onto the rack. The accident took place about 4 p.m. on the farm of the boy's grandparents, Mr. and Mrs. Mike Kerilchuk of Venice. Two bullets entered the boy's body, one passing through the liver and one missing his heart by a fraction of an inch.

The critically-injured lad was rushed to the St. Catherine's hospital, Lac la Biche, where a blood transfusion was given. As soon as it was possible to summon the R.C.A.F. mercy plane, the child was taken to the General Hospital, Edmonton, where he underwent surgery. Latest report is that his condition was improved, although he was still not out of danger.

Lions Club Plans Amateur Night

An Amateur Night, sponsored by the Lion's Club of Lac la Biche, will be held in the Memorial Hall, Nov. 7th, at 8 p.m. Prizes of $15, $10 and $5 will be awarded to the winning contestants as well as merchandise vouchers to other participants.

Young and old, who can sing, recite, tap dance or play a musical instrument are invited to take part in the evening's entertainment. Entries should be submitted to J. Klein, N. A. Choden, F. W. McMillan, H. Senetza or Rev. R. S. Greene before Nov. 5th. Proceeds of the evening will go toward stage curtains for the hall.

Music Supervisor To Discuss Band

LAC LA BICHE — A meeting is to be held in the town council chambers the evening of Oct. 22, when J. D. Peterkin, supervisor of music for the cultural activities branch of the department of economic affairs, will discuss the formation of a local band.

The department is assisting towns throughout the province by giving guidance in the formation of bands, and it is understood that certain instruction is being offered as well.

Since it was learned that the department is co-operating with the towns by providing this service, interest in this town has been growing and it is expected that a large number of residents, young and old, will turn out to hear Mr. Peterkin on the 22nd of this month.

Approval To Build Curling Rink At Colinton Given By Council

The meeting on Thursday, Oct. 9 was a short one and few delegations appeared and only one of the applicants to the court of revision was present and the month's business was cleared up in one day. A report on the new projected school bus routes was made and comment made that this would require a great deal more road work.

Colinton Curling Club made an application for a building permit for a rink which was okayed. The building will be erected on the old school grounds.

A letter was read from A. W. Morrison, deputy minister of Municipal Affairs, regarding the application of the Council to establish a county. He said that while the Act provided for applications by either governing body (School Division or Municipal District) the department prefered a joint application. He suggested consultation with the School Division. The application of the Council will be held in abeyance.

Information was given regarding a road east of Donatville where a traveller has had a car damaged by a flying rock.

Letter was read from the School Division regarding bus turning stations needed under the new scheme.

Plan for a road around Baptiste Lake was filed.

Letter from the Field Crops Branch regarding the destruction of magpies was read. As 1080 bait

REV. H. T. ALLEN OF LORD'S DAY ALLIANCE IN DISTRICT

LAC LA BICHE—Rev. H. T. Allen, B.A., D.D., representing the Lord's Day Alliance of Canada, was a visitor to Lac la Biche last week. Mr. Allen spoke at a supper meeting of the Chamber of Commerce in the York hotel and met with members of the clergy and others at the Masonic Hall later in the evening.

In the course of his address to the Chamber of Commerce, Mr. Allen touched on the history of the Lord's Day Alliance, outlining its aims and the importance of its work. He told how the organization came into being at Ottawa in 1888 and has since that time been given the place of leadership by the churches of Canada in matters affecting the observance of the Lord's Day.

The aim of the organization is to safeguard the value of Sunday as a national weekly day of rest, free from toil and the ordinary routine of life, as well as from the activities and atmosphere of commercialism. The speaker pointed out that social and religious benefits are not lightly won and should not be held thoughtlessly or surrendered carelessly. Illustrations were cited of nations which had fallen after first showing disrespect and irreverence for the Lord's Day.

Mention was made of the Lord's Day Act, which was passed by the Dominion Parliament in 1906, and established for Canadians the legal right to Sunday as their day of rest. The Act declares unnecessary toil and business to be illegal on Sundays. Where Sunday work is recognized by law to be necessary, the Lord's Day Act requires that another day of the week be a day of rest.

By an educational program, in co-operation with the churches, the Alliance aims also to promote appreciation of the spiritual values of the weekly day of rest. It emphasizes the importance to individuals and to the nation of the opportunity which Sunday affords for cultivatng moral ideals and spiritual experience.

Ladies' Aid To Hold Bazaar

LAC LA BICHE — The monthly meeting of the United Church Ladies Aid was held Tuesday evening, Oct. 7, at the home of Mrs. H. Linnell, with Mrs. S. Gasier as cohostess. Seventeen members were present, as well as two guests, Mrs. P. Spargo and Mrs. C. Bouchard.

Plans were completed for the annual bazaar to be held in the Memorial Hall, Oct. 23. Convened by Mrs. S. Hamar, the bazaar will feature a large variety of aprons and other handmade articles, also home baking and a candy stall, a white elephant bar and a fishpond for the children. Tea will be served from 3 p.m. to 6 p.m.

At the close of the business session, of the meeting lunch was served by the hostesses.

Caslan

Mrs. M. York and family attended the wedding of her niece last Saturday.

Donald Henson and Del Dynes of Edmonton spent the weekend at the home of Mr. and Mrs. Clayton Henson.

Harry Groves and family of Boyle visited the Wolansky home last Sunday.

Gerard Tremblay has rejoined his family at Caslan after working on a section north of Lac la Biche for the past months.

Mr. and Mrs. Pat Gordon and family are visiting at the home of Mrs. Alex Gordon.

Mr. and Mrs. Clyde Tillapaugh and family of Goose Lake were guests of Mrs. York and family.

Mr. and Mrs. John Gordey are proud parents of twins, a boy and girl, at Lac la Biche.

Gourin

Mr. and Mrs. Leo Gaudet are visiting in the district.

Miss Kay Rudman spent a few days in Athabasca.

Andre Ulliac made a recent business trip to Edmonton.

Camille Morin is now staying at the Lore home.

Ford Dealers Shown '59s

More than 400 dealers and sales staff members from all sections of Alberta attended a dealer showing of 1959 Ford Co. of Canada cars at the Jubilee Auditorium last week.

Rhys M. Sale, of Windsor, Ontario, president of Ford Co. of Canada Ltd., attended the showing, along with George Jackson, in charge of sales and advertising.

Among the Alberta officials at the new car display were N. Campbell, zone manager, and J. L. Patterson, regional manager, both of Edmonton.

The Edmonton showing is one of a series being held across the country. All have drawn record attendances, according to company officials.

Amber Valley

A. S. Bowen from Kitimat, B.C. is visiting his friends and relatives here.

Mr. and Mrs. A. Edwards and Joy are visitors from Edmonton.

Loretta Jones from Calgary was a recent visitor to the community.

A miscellaneous shower was held for Anette Saunders, the future "Mrs. R. Mayes," on Oct. 8 at the home of Mr. and Mrs. Eugene Sneed. She received a reasonable sum of money. A lunch was served afterwards.

Although the threatening snow flurries made things look hopeless threshing is continuing in this area.

Why is it that tomorrow is so full of good working hours?

Lac la Biche Mission

Mr. and Mrs. Stan Power, formerly of St. Paul, have moved into the L. Bourget residence. Mr. Power is district agriculturist.

Mr. and Mrs. Pomerleau, Mrs Dave Webb and family were recent visitors at the home of Mr. and Mrs. L. Bourget.

Johnny Frolan and B. Zimmerman of Edmonton went on a successful fishing trip to Beaver Lake recently. Zeb Bourque was also fishing at the lake.

Mrs. Vic Ewasiuk (nee Antoinette Bourque) from Uranium City, Sask., has returned home after visiting her parents here.

LAC LA BICHE

THE Homemaker

By EDITH WHITNEY

Now that the cottons are gradually being put away for another year, woollens, acetates, rayons, silks and various other fabrics will be the major material for garments. With the change of fabric in garments comes a change of method in the upkeep of the wardrobe.

Dry-cleaning can be satisfactorily done with comparative safety in the home — if the **right kind** of cleaning solvent is used, if the **correct methods** are followed and if **certain precautions** are always observed.

The fundamental process in dry-cleaning is the immersion and agitation of a garment or article in a dry-cleaning solvent. A dry-cleaning solvent, though it looks like water, quickly dissolves greasy and oily residue which would not be dissolved by water. However, it must be remembered that a dry-cleaning solvent can never be used in the same manner as water.

Some unsafe cleaning solvents are naptha, high-test gasoline, or ordinary gasoline. These should never be used in home dry-cleaning because there is much danger of explosion and fire. An individual may be seriously burned from such explosions.

The "flash point" of gasoline is very low—about 50 degrees F. Gasoline also gives off vapors readily and produces fumes which ignite instantaneously. Merely the process of lifting a silk or wool garment in and out of the gasoline may be sufficient to produce a spark of electricity, that will ignite the fumes, thus causing an explosion.

However, there are some comparatively safe cleaning solvents on the market. For safe home dry-cleaning, it is absolute'y essential to use a solvent or fluid that is s e m i non-explosive, evaporates slowly and has a "flash point" at least as high as 100 degrees F. Such preparations are known as dry-cleaning fluids, which are sold under different trade names and may be obtained in bulk at comparatively low costs. There are several types of cleaning fluids.

1. Carbon tetrachloride is not flammable nor explosive, but is too expensive for general dry-cleaning. It is excellent for emergency cleaning and spot removal, but gives off toxic fumes when used in large quantities.

2. The regular dry-cleaning solvents have a kerosene base. They may ignite and must therefore be kept away from fires. Play safe—use the right type of cleaning solvent, one which is both non-explosive, non-flammable and non-poisonous.

AILEEN BIOLLO, HERBERT SCOTT WED IN AUTUMN CEREMONY

LAC LA BICHE — A honeymoon in Jasper and Edmonton followed the recent wedding of Miss Aileen Valentina Biollo, eldest daughter of Mr. and Mrs. O. M. Biollo of Venice to Mr. Herbert James Scott, eldest son of Mr. and Mrs. Ford Scott of Lac la Biche.

Gladioli in tones of white, pink and yellow decorated the Holy Redeemer Roman Catholic Church in Venice as Father Becs performed the wedding ceremony and nuptial mass. Miss Yvonne Langevin of Lac la Biche presided at the organ and Mrs. A. Hamel also of Lac la Biche was soloist.

Given in marriage by her father, the bride chose a floor length gown of net over taffeta with French lace appliques featured on the front of the skirt and tiers of French lace and net on the back. The bodice was styled with a sabrina neckline and lilypoint sleeves. Her fingertip veil of net bordered with French lace was held in place by a tiara of net trimmed with seed pearls and sequins. Her only jewelry was pearl earrings, gift of the groom. She carried a white prayerbook surmounted with a cascade of red roses and lily of the valley.

Miss Darlene Scott, sister of the groom was maid of honor, Miss Annette Favennec of Gorin was bridesmaid and Miss Caroline Biollo, sister of the bride was junior bridesmaid. The attendants wore identical waltz-length gowns of white flocked organdie over nile green taffeta, white bandeaux and carried nosegays of white carnations.

Hazel Scott, sister of the groom as flower girl, was dressed in a floor-length gown similar to the bridesmaids.

Ring-bearer was Leslie Biollo, brother of the bride.

Mr. Victor Biollo was best man and ushers were Mr. Oliver Biollo and Mr. Arthur Scott.

Mrs. Biollo chose a rose lace sheath for her daughter's wedding. She wore white accessroies and her corsage was Talisman roses. Mrs. Scott wore a rust wool sheath with tan accessories. Her corsage was Talisman roses, also.

At a reception for 250 guests in the Venice Parish Hall, the bride's table was centered with a three-tiered wedding cake, flanked by tall tapers and bouquets of pink and white gladioli. Father Becs proposed a toast to the bride.

In the evening a wedding dance was held in the Memorial Hall, Lac la Biche, with Wally Tichonek's orchestra supplying the music. During the evening a telegram of good wishes was read from Mr. and Mrs. E. Gingras of Uranium City, Sask.

The bride chose for her going-away costumes a red knitted suit with beige accessories.

Mr. and Mrs. Scott will reside in Lac la Biche.

Out of town guests included Mr. and Mrs. G. Cocks and family, Maria Veltri, Mr. and Mrs. D. Biollo, Mr. and Mrs. F. Halabamish, Mr. and Mrs. H. Murray, Mr. and Mrs. J. Breault and Garry, Betty Bergland, Mrs. DeCoursey and Ken, Mr. and Mrs. J. Zohair Mrs. A. Zevola, of Edmonton, Mr. and Mrs. B. Onusko, Diane and Lester of Skaro, Mr. and Mrs. Whammond, Donalda and Mr. and Mrs. D. Ingo and Alice of Fallis.

Rich Lake

New members now enjoying the services of Northland Utilities bring the total to eight in this district.

Lumber to be used for the Anglican Church building is being planed by L. Morin of Normandeau.

The United Church Ladies Aid held its monthly meeting at the Tom Waine home, Oct. 4. It was decided to hold a dance on Oct. 24 at Rich Lake School.

A compliment a day keeps the quarrels away.

Wandering River

Miss Gladys Strayski, who is employed in Edmonton, was home for a brief holiday.

Miss Jeannette Strayski recently spent a weekend at Miss Katie Ponich's home while her parents, Mr. and Mrs. Bill Ponich, were in Edmonton.

Hylo

Nick Gushansky is a patient in the Lac la Biche Hospital.

The local School Board held its meeting Oct. 3 in the Hylo School and a number of ratepayers were present. Notices again will be put up for the next meeting and all ratepayers are welcome to attend.

A surprise birthday party was held for Elbert Warren on his 16th birthday at his parents' home.

Miss Marie Lozinski of Vancouver, B.C. is visiting her parents, Mr. and Mrs. Alex Lozinski here.

Mr. and Mrs. Newton and son who were guests of Mrs. Newton's parents, Mr. and Mrs. Jim Simmon, have returned home.

Our advice to those who are making more money than they ever made before is: Save some of it—you may need it later.

You can make your fence posts —in fact, any wood in contact with the ground or water, last 3 to 5 times longer by using "Osmose Special Fence Post Mixture". Simply applied like paint to the groundline of the post, "Osmose" preserves any kind of wood, dry or green, costs only 5¢ per post and makes them last 3 to 5 times longer.

HOME & SCHOOL ASSOCIATION WILL HOLD PUBLIC MEETING

HYLO — The second Hylo Home and School Association meeting for this year was well attended.

A report on the skating rink project was read by Mrs. M. Grandish and it was decided to have a special public meeting Friday, Oct. 17, at 8 p.m. in the Hylo School regarding this matter. Everyone interested is urged to attend.

Ten dollars was sent to A. Moshuk (who volunteered to clear the skating rink site free and has done so) to help defray fuel expenses.

Copies of the Hylo HSA annual financial report were distributed to all members present. It was audited by Melvin Rayment, Mrs. Mary Grandish, and Mrs. Nellie Zalewsky.

Through enthusiastic efforts of the HSA and the co-operation of G. McEachern, four swings are ready to be installed on the school playgrounds.

Caretaker for the light plant will be Larry McEachern again this year until electricity is installed.

William Sachko undertook to teach M. Zalewsky how to run the projector.

A presentation to the Hylo HSA by Irene Sachko on behalf of the Hylo Junior High Students Union of $20 was its contribution towards the skating rink fund. She wished the HSA every success with this project. Mrs. Grandish thanked her for the Students' Union generous donation.

The annual scholarship of $15, given by the HSA to the student with the highest marks in grade nine, was awarded this year to Lanny Rayment. Marjorie Lozinski was second in spite of skipping grade eight.

In his short speech Danny Rayment thanked the HSA for the Scholarship.

William Sachko, principal, congratulated Danny on being the winner. Mr. Sachko emphasized that the HSA has undertaken a worthwhile cause in making this scholarship possible for it promotes learning. He informed the group that it not only takes intelligence to attain high marks but also perseverance and hard work. Parents too can play an important part at home, he said, by encouraging their children to study, giving them every opportunity to do so and seeing that they do it.

Recreation nights will be continued for the local girls and boys, for which dates will be announced.

The handicraft display was a huge success and it is amazing how many varieties of beautiful articles are made by the local people. It included various and intricate embroidery, skilled handmade linen, needlecraft and weaving from as far as the Ukraine and Italy with some pieces over 50 years old; art, bark and moss pictures, beadwork, crochet, cushions, rubber foam work, copper-tooling, unusual wood carvings, only to mention a few things.

Lunch was served by Mrs. J. Rayment and Mrs. Helen Rayment.

The trouble with today's smart children, quips an oldtimer, is that they don't smart in the right places.

Plan Craft Conventions

Plans for craft conventions were discussed at the meeting of the Handicraft Board of Alberta, at the Legislative Building this week. The meeting, with Mrs. L. Lundy of Lethbridge acting as chairman, decided to hold the conventions in Calgary, March 31, and in Edmonton, April 14.

Two new members attended the meeting, L. Mahon of Edson, and Mrs. E. McBryan of Grande Prairie. Also attending were Walter Kaasa, co-ordinator of cultural activities, Department of Economic Affairs, and Miss Frances G. Archibald, supervisor of handicrafts.

The board considered plans for ALBERTACRAFT - 59. and the dates of March 31 to April 4, Calgary, and April 13 to 19, Edmonton, were set.

Scholarships, in amount of $1,000 to individuals, and $600 to communities as grants, will be disbursed by the board. Application forms may be received from Miss F. G. Archibald, Cultural Activities Branch, Legislative Building, Edmonton.

NORTHERN CLUB CALENDAR by NORTHLAND UTILITIES

District organizations are invited to send in notices of coming meetings and events for free publication in this space. Compliments of Northland Utilities. Give your notices to the local editor of this paper, or your district reporter, or mail it to:

The Y.P.C.A. held a successful popcorn, candy and rummage sale in the Veteran's Hall, Oct. 10. Proceeds of the sale were given to Mrs. Charley Read to help pay for Sunday School books.

The Little Helpers held their service at the home of Mrs. Raaflaub, recently, with Mrs. Humberstone in charge. The children's mission boxes yielded $11.35. After the service the youngsters enjoyed a picnic lunch.

Mr. and Mrs. Sydney Alexander and Mr. and Mrs. Walter Harrynuk attended the opening of the new Co-op store in Thorhild.

Robert Lund and Phyllis Dreyder of Edmonton were visitors at the Lund home last week.

Welsh Evangelist Conducts 2 Weeks Long Campaign For City Baptists

The Edmonton member churches of the Baptists of Canada have invited the Welsh evangelist, the Rev. Ivor Powell, to conduct a two weeks Baptist Evangelistic Mission from October 19 to November 2 at First Baptist Church.

Rev. Powell is known throughout the British Commonwealth as "The Man from Wales." He is one of the best known denominational evangelists in the world today!

Since 1948, he has preached nightly in the various Baptist churches around the world, and everywhere vast crowds have flocked to hear his message.

Ordained by the Baptist Union of Wales in October 1934, Mr. Powell held one pastorate for eight years but his increasing love for Evangelism led him to resign his pastorate. Since then, he has travelled to every part of Great Britain and in many other parts of the world.

BELIVES THE BIBLE

As a preacher, Rev. Ivor Powell is different from other evangelists. He does not stunt and, in his own words, is not a fire-eater. He believes the Bible to be the Word of God and preaches his message with all the zeal characteristic of the Celtic race.

Wales has been famous for its preachers, and it would seem that Mr. Powell has followed in the path of the old Welsh divines. His impassioned oratory, his most vivid word-pictures, and above all his sense of humor, have made their appeal to countless thousands of listeners.

THE BIBLE COMES ALIVE

It is often said that he is a man who makes the Bible come alive. Possessing a vivid imagination, he has mastered the pictorial preaching so that in his services the ancient scenes seem to be re-enacted, the old prophets speak again, the stories of a bygone age seem

REV. IVOR POWELL
. . . the man from Wales

to be the accounts of yesterday.

This undoubtedly has been the secret of his success around the world.

Mr. Powell is an author of note. He has written some 10 books which have, and still are, selling around the English - speaking world. His books are both theological and travel.

FILM PRODUCER

As a sportsman Mr. Powell played the English type of rugby and association football and has captained his cricket club.

As a producer of movie films, he has "shot" lions from a distance of 2½ feet in Africa, and elephants from six yards.

Mrs. Powell is also a very able speaker and is a great favorite with women's organizations. When special services are convened for the ladies, Mrs. Powell will do the preaching.

Lac la Biche

Rev. and Mrs. Nick Stetzenko were summoned to Winnipeg last week to attend the funeral of Mrs. Stetzenko's brother who had been killed in a car accident. The sympathy of the community is extended to them in their sorrow.

Miss Olga Bahay, who is attending University of Alberta, spent the weekend at the home of Mr. and Mrs. John Benuik. She also visited her parents, Mr. and Mrs. M. Bakay of Venice.

Recent guests at the home of Rev. and Mrs. S. Munro were Mr. Munro's mother and step-father, Mr. and Mrs. Peter Spargo of Calgary.

Mr. and Mrs. Eli Tkachuk recently spent a ten-day holiday in Uranium City, Sask., guests of their daughter and son-in-law, Mr. and Mrs. Ernest Gingras. In their absence, Mrs. K. Konowalchuk assisted in the store.

Mr. and Mrs. Narcisse Bellerose and infant daughter, former residents of Lac la Biche, now residing at Ft. St. ames, B.C. were guests of Mrs Bellerose's brother and family, Mr. and Mrs. Bud Lessard, for several days last week.

Lessons in the Ukrainian language will be given by Rev. N. Stetzenko, every Saturday morning from 9:00 a.m. to 10:00 a.m. in the Dr. Swift School. These classes are open to anyone of any age interested in learning to read write or speak the Ukrainian language.

Miss Olga Kowaluk of Noral is staying at the John Benuik home and attending the Dr. Swift High School.

If you get a good idea every once in a while, you are not doing too badly.

NOW—enjoy a light lunch or complete dinner, in new, comfortable surroundings.

Committees Draft Policy Resolutions For Liberal Leadership Convention

Nine committees are at work on draft policy resolutions to be discussed at the Liberal Leadership Convention October 3 and November 1., Dale C. Thomson, Chairman of the Convention Organization Committee announced.

Liberal convention programs have been milestones in the history of our provincial development, Mr. Thomson declared. We are not drawing up a few eye-catching slogans. We are laying down a broad program to serve as a guide as we, in Alberta, progress toward ever greater prosperity and well-being.

Mr. Thomson was not worried about other parties stealing bits of pieces of the Liberal platform. "We are happy to see our ideas accepted and our planks adopted by others. As a party which believes in Alberta's future, we will continue to plan ahead, to meet the challenge of our times. We can be pleased that others, particularly those in office, accept our ideas as valid."

The list of resolutions committee chairmen is as follows: Education, Lee Sims, MLA, Veteran, Alberta; Municipal Affairs and Hospitalization, A. Macyk, MLA, Redwater, Alberta; Agriculture, Harold McLaughlin, MLA, Stony Plain, Alberta; Natural Resources, Hugh John MacDonald, MLA, 55 Canada Life Building, Calgary, Alberta; Health and Welfare, Mrs. Irene Smith, Camrose, Alberta; Public Works, Roads and Highways, M. Maccagno, MLA, Lac la Biche, Alberta; Lands and Forests, A. Catonio, Edson, Alberta; Industries and Labour, Wm. Switzer, Hinton, Alberta; Tourists and Parks, C. Brewster, Banff, Alberta.

Mr. Thompson reported that several hundred delegates have been chosen by constituency associations throughout the province and that resolutions are being received daily in provincial headquarters. There is every indication of a record attendance of over 1,000 Liberals at the convention.

The three leadership candidates, Mr. Grant McEwan, MLA of Calgary, Mr. Richard Hall, MLA of Athabasca and Mr. Ralph Walker of Calgary and Raymond are compaigning vigorously for support of the delegates. All three plan to cover every part of the province between now and election time.

Present activity points to a record attendance at the convention, and one of the liveliest political events in many years.

Whitecourt Applies For Town Status; Barrhead To Be 11th County

The Municipal District of Barrhead, northwest of Edmonton, will become Alberta's 11th county on Jan. 1.

Officials of the Alberta municipal affairs department said the MD council and the school division board had agreed unanimously to apply for county status.

Under the Alberta county system, the school board ceases to exist as a separate elected body. School administration in a county is handled by a committee of the county council, and the school budget is subject to review by council.

The first county council will be elected by Barrhead district voters sometime this fall, and the councillors will take office at the New Year. A date for the election will be set by the government shortly.

It also was announced that the hamlet of Whitecourt, about 130 miles north-west of Edmonton, has applied for village status. It would become Alberta's 153rd village.

Whitecourt, with a population of around 1,000 has existed for many years as a lumbering centre. Oil exploration in recent years has brought development to the district. and the hamlet has grown as a result of the new Whitecourt cut-off to the Peace River country.

Provincial laws require 50 occupied dwellings before a settlement can become a village. If village status is granted Whitecourt, it would take effect on Jan. 1.

Completely Restyled Chevy. For 1959

A complete styling transformation, along with more safety and performance features and greater comfort, was announced today for its 1959 Chevrolet passenger cars by General Motors of Canada, Limited.

New models will be on display in dealer showrooms Oct. 16.

Lines of the Chevrolet sweep back in a virtually level plane. Tops are flatter and visibility is increased. At the rear, horizontal wings branch out from the centre of the deck.

The Chevrolet has a new six-cylinder engine which gives up to 10 per cent more gas mileage, plus more usuable horsepower at normal driving speeds. It is one of 9, six- and eight-cylinder engines offered this year.

Suspension has been improved, brakes are larger and designed to last longer, steering is easier and and there's more space inside for passengers. Tires have been designed to give longer wear.

Chevrolet bodies for 1959 are designed for comfort and structural unity. Passenger room is increased by almost five inches more width in the 5½-foot front seat. Trunk space has been increased to 32 cubic feet, giving 20 per cent greater capacity. The cargo space in station wagons has been lengthened to almost eight feet.

Extraordinary visibility characterizes the entire line. Glass now extends higher into roofs and curves farther inward at corners of the body super-structure. Narrow pillars, as well, give a feeling of airiness. Overall visibility has been increased up to 50 per cent.

Other styling features of the 1959 Chevrolet:

Twin headlamps have been lowered seven inches and are located at the extremities of the grille.

Air intakes, coupled with parking and turn lamps inside an anodized aluminum border, are above the headlamps.

The bumper is higher and the extension of rounded sheet metal below it provides a finished tailored look.

Tail-lights, located under the wing spread of the rear quarter panels, are of an elongated teardrop design.

The concealed fuel filler cap is now centered below the "V" of the wings, behind the license plate.

Exclusive exterior and interior treatment gives individuality to each series. For example, the Impalas abound in rich fabrics and trim. Some of the fine car touches in the Impala are deep-pile carpeting on closed models, paddle-type door release, twin-contact safety horn ring, nd extra-long front arm-rests on all sport models. The roof exends beyond the rear window on the sport sedan.

All cars are marked by color-keyed interiors in upholstery and belt-high sidewall treatment. Three interior shades are available on the Biscayne series, five on the Bel Airs. Five trim combinations are offered on the Impala 4-door sedan and the Nomad station wagon. Other Impalas have six optional trims.

Acrylic finishes, standard on all cars, are carried in 14 solid and 11 two-tone combines. With two-tones, the top and upper rear deck are in one color, the body proper in another. Colors are Tuxedo Black, Aspen Green, Highland Green, Frost Blue, Harbor Blue, Crown Sapphire, Gothic Gold, Classic Cream, Snowcrest White, Satin Beige, Grecian Gray, Cameo Coral, Roman Red and Burgundy Metallic.

List Names 60 Governor-General's Bronze Medals Winners In Alberta

Three Edmonton students, one from Jasper Place and one from Clover Bar are among the 60 Alberta students to receive the Governor-General's Bronze Medals for the highest scholastic standings in the June grade 9 department examinations.

The Edmonton winners are Aubrey James Tingle, 15, of 11234 57 Street, who attended Highlands School; Myron Goldberg, 15, of 10135 136 St. who attended Westminister School, and Roderick Owen McElroy, 14, of 10947 82 Avenue, who attended Garneau School.

Carlowene Isabella Miller, 13, of 10833 152 St., who attended Jasper Place Central School, and Hazel Joan Schattschneider, of R.R. 1 South Edmonton, who attended Salisbury School, are the suburban winners.

Education Minister Aalborg said the winners, who range in age from 13 to 16 years, will receive their awards from their divisional superintendents at formal ceremonies.

Other northern Alberta recipients of the medals:

Athabasca, Virginia Medwid, Grassland; Barrhead, Bonnie Gail Jesten, Barrhead; Beaver County, Glenda Bernice Paterson, Tofield; Bonnyville, Eugenia Deputat, Cold Lake; Camrose, Denise Constance Cryderman, Camrose; Castor and Neutral Hills, Julia Mae Evernden, Coronation; Edson and Coal Branch, Gerald Lloyd Bolton, Edson; Fairview and Fort Vermilion Carole Lynn Proctor, Fairview.

Grande Prairie County, Maxine Joy Ellingboe, Beaverlodge; Grande Prairie Non-divisional and East Smoky Lake, Jacquelyn Elizabeth Lyon, Grande Prairie; High Prairie and Spirit River, James John Dimsdale, Donnelly; Killam, Earl Roger Spady, Alliance; Lac la Biche, Kathleen June Duban, Lac la Biche; Lac Ste. Anne, Frederick Richard McDougall, Mayerthorpe.

Lacombe, Edbert Hendrik Krikke, Lacombe; Lamont, Patricia Louise Stepchuk, Mundare, and Marilyn Woolley, Andrew, co-winners; Leduc, Margaret Elizabeth Sulz, Sunnybrook; Peace River, Annie Marion Chop, Dixonville; Ponoka County, Richard Ghent Elofson, Ponoka.

Provost and Wainwright, Carol Jean Treffry, Wainwright; Red Deer, Robert William Payne, Lousana; Smoky Lake, Irene Rosalie Gertrude Chmilar, Vilna; Stettler County, Allan Ernest Lagore, Stettler; Stony Plain, Stuart Francis Nicholson, Stony Plain; St. Paul, Dixie Lee Daily, Ashmont; Sturgeon, Diane Eileen Kay, Beverly.

Thorhild, Karen Eloise Wynnychuk, Thorhild; Two Hills, Ronald Eric Johnson, Derwent; Vegreville, Anita Islay Suddaby, Lavoy; Vermilion, Dorothy Rae Powell, Vermilion; Westlock, Lynae Bruder, Westlock; Wetaskiwin County, Sharon Lynne Ericson, RR2, Wetaskiwin.

Senior Nurse Reports On Request For Municipal Nurse At Rich Lake

(Continued from Page 1)

the whole, and the extreme isolation of some parts, of the area: If you check the map you will see the roads to two hospitals, Glendon and Bonnyville, are very poor or non-existant, and the road to Lac la Biche, although being worked on, is definitely not all-weather and is subjected to a very heavy drifting in the winter time.

The south-eastern part of L.I.D. 103 must have been settled in the early days of the province, because of the number of people we met and heard about who are second generation residents. The result of this early settlement is that many of the farms are well back from the existing roads; in fact to get to some of the people we visited, we had to drive one or two miles up the side of grain fields to find the house. This may explain the scarcity of graded and maintained roads in the area.

2. Financial cirmcumstances of the residents of the area. I would guess that there are not too many cases of extreme poverty in the area, but on the other hand the income level is such that medical requirements, unless of an extremely urgent nature are of necessity a very secondary consideration. A municipal nurse could help these people to take advantage of the various government and voluntary society aids which are available to prevent minor defects from becoming major disabilities.

3. The community's interest in and recognition of its public health needs. The people are aware that public health program in this area should be much more intense, but that with the health unit staff as small is it is, they cannot expect any more service.

4. The community's realization that a municipal nursing treatment service would be in the nature of a broad first aid program, only.

5. The community's awareness of its responsibilities to a municipal nursing service. The Rich Lake, Helina and Fork Lake residents have worked very hard to raise money for a municipal nursing service. They have about six hundred dollars already, and promises of further donations of money, lumber and labor, if and when plans for this service are complete. They have also moved an old one-room school house onto a pleasant lot at Rich Lake and have had a cellar dug, which they intend to cement and then move the building onto. This old school building is a basically sound structure and the people are aware that many internal modifications are needed to make it into a suitable nurse's cottage. This they are prepared to do.

6. The community already has an active nursing committee. Mrs. Carmen Kumpula, Bill Onciul and Tom Wayne, who are nursing committee members, were away when we went to see them, but we saw Mr. Farvolden, another committee member, and Mrs. Bill Onciul. They are most enthusiastic and obviously willing to work hard towards obtaining a municipal nursing service.

Gen. Charles G. (Chinese) Gordon, British governor of the Sudan, was slain, Jan. 26,1885, by a Mohammedan soldier, who stuck the head on a spear, at Omdurman.

Most girls are highly interested in altaring their boy friends.

Build Curling Rink At Colinton

(Continued from Page 1)

is not deadly to magpies, arrangements can be made, it was said, for the Pest Control Officer to obtain other poison. The council was interested.

Information was received from the Department of Agriculture, that a veterinarian would be available under similar terms to last year to vaccinate heifer calves from 4 to 11 months.

Letter was read from T. W. Pue regarding contract subscribers. Council said the matter would be looked into.

Letter was read from Dr. Swift regarding a road in the Frains district. He urged attention to the road, although, he said, the roads were not under his jurisdiction. Council said that it was no good gravelling until the road had been graded as there were no ditches in some portions. There was no grant on that road: the grant was spent on school bus routes, Sarrail to Donatville and from Blue Jay school to Highway 46.

Letter was read from a local firm regarding placing of tire orders. Council took no action.

Eddie Alberts, of the Colinton-Paxson R.E.A. interviewed the council. There were several difficulties between the two bodies and council endeavored to iron these out.

Complaint was received regarding the entrance to the nuisance grounds at Baptiste Lake. Council assured improvement would be made.

The Municipal Inspector's report, made in September, was read.

Discussion regarding attendance at the Municipal Convention took the attention of council. All who wish to go were authorized to do so as well as the secretaries.

The council decided to issue an invitation to the whole School Divisional Board to attend the next regular meeting of council, November 13, to discuss the county question.

Hans Armfelt, Field Supervisor, at the request of Milt Warren, Game Officer, reported to council new regulations regarding the trapping of beaver.

Council adjourned as a council and re-convened as Court of Revision. Six appeals were before them, of which two were sustained.

Association Asks For District Nurse

RICH LAKE — A directors' meeting of the Rich Lake Nursing Association was held at the Bill Oncuil home with all directors present. Business discussed included the government grant for building the home, and the favorable report sent in by the Athabasca Health Unit regarding the great need for a district nurse here. This report will be published shortly so that all residents may read it.
